EASY TO CLEAN

легко моющийся

FÁCIL DE LIMPIAR

One of the best ways to keep Sunbrella fabrics looking good and to delay deep or vigorous cleaning is to properly maintain the fabrics. This can be accomplished by simply brushing off dirt before it becomes embedded in the fabrics, wiping up spills as soon as they occur or spot cleaning soon after stains occur.

DE MANTENIMIENTO

Skyline Design® has very low maintenance and looks good inside as addition to the decor and outside as the main attraction for patio furniture and garden furniture.
Wash the synthetic wicker furniture with a soft clean cloth dipped in the solution.
Allow the furniture to dry by setting it in a dry place. The furniture can be dried by a towel.

Durability is usually a main concern for outdoor furniture. They are constantly exposed to the elements, and where we live, humidity, heat and rain are key issues. Because Skyline Design's furniture is hand woven, fraying or tearing caused by expansion and contraction of materials due to the weather is usually rare. Furthermore, the high quality of the wickers ensures high tensile strength.
